

Worldviews And Violence Prevention DVD ORDER FORM

The framers of the One World Government (or New World Order) have set the stage via the teaching of Evolution, and is rapidly being incorporated into our American society today. I did a four hour presentation at a church in May, 2005 that was recorded (with home equipment) in DVD and is available for \$10.00 each plus \$5.00 S&H (\$15.00 for one, \$25 for two etc.). This will tell you in summary how the OWG is being incorporated into our country and taking away our freedom, and what to do about it if you are motivated to action.

The topics discussed are:

- Creation Science and the Evolution Theory controversy
- New World Order
- Agenda 21
- No Child Left Behind (NCLB)
- Workforce Investment Act (WIA)
- School To Work
- Center for Civic Education (CCE)
- Public, Private, Home schools
- International law and our Constitution
- Lawful definition of a Human Being
- Homosexuality
- other topics as it relates to OWG.
